

Super-Brite

CUTLERY, CROCKERY & GLASSWARE SOAK/SANITISER

Fresh & Clean Super-Brite is a hypochlorite based pink antibacterial powder for use in soaking or spray and wipe applications. It is stable, non-corrosive, bio-degradable, freely soluble and contains a detergent for enhanced penetration and free rinsing from surfaces. Suitable for use in all food service applications or when a cleaner/sanitizer is required. Not recommended for sanitizing aluminum surfaces as dulling may occur.

Main Features & Benefits:

- Powder-based for safer, controlled use
- Effective cutlery soak and extremely cost effective spray sanitiser
- Pink colour for easy identification
- Free-rinsing and biodegradable for a cleaner environment

DIRECTIONS:

Rinse Method: 3g to 1 litre of water, pump or allow to flow through.
 Spray Method: 6-12g to 1 litre of water, spray all surfaces thoroughly.
 Soak Method: 6g to 1 litre of water, soak cutlery for a minimum of 2 minutes.
 Not recommended for sanitizing aluminum as dulling may occur.
