

Bio-Max

URINAL CLEANER AND ODOUR CONTROL

Fresh & Clean Bio-Max is a ready to use cleaner for the control of soiling around urinals. It will effectively control build-up and mal-odours in and around urinal areas including floors, walls, and urinals. Bio-Max utilizes a unique formulation of high quality bacterial treatment and fragrance ingredients. Bio-max is particularly effective when sprayed directly onto either sealed or unsealed tile and grout areas, to remove engrained urine stains. It's natural formulation gently penetrates to act on soiling and bacteria beneath tile and grout surfaces.

Main Features & Benefits:

- Pink colour for easy identification
- Very popular fragrance to leave areas hands fresh and clean
- Proprietary formulated blend of user safe agents
- Biodegradable for a cleaner, safer environment

DIRECTIONS:

Spray directly (preferably daily) onto surfaces to be treated, leave for 5-10 minutes then wipe off with a clean cloth or paper towel, or just leave. Bio-Max may be used safely on all modern surfaces, however, to ensure compatibility with the expanding variety of new surfaces it is advisable to always spot-test Bio-Max in an inconspicuous area first.
