

Blue Bolt

TOILET CLEANER-CLEANS-DISINFECTS-DEODORISES

Fresh & Clean Blue Bolt is a cleaner sanitiser designed specifically for toilet bowl applications. It kills odour generating bacteria as well as being effective in controlling fungi, slime, mould and water stains. It is also excellent for cleaning urinals and stainless steel surfaces. It is septic tank safe, biodegradable, and acidic based for removing scale and lime deposits, and will significantly reduce the time required to clean toilet bowls, as compared to many non-acidic or cheaper formulated alternatives.

Main Features & Benefits:

- Blue colour for easy identification
- Distinctive fragrance leaving areas fresh and clean
- Antibacterial agents to assist responsible janitorial hygiene
- Thickened formulation for maximizing surface cling time and minimising waste and over-use
- Biodegradable for a cleaner safer environment
- Contains citric acid for removing scale deposits
- NZFSA Approved

DIRECTIONS:

Flush areas with water then squirt a liberal amount of **Blue Bolt** around the top of the bowl. Allow to slowly run down the porcelain for 3-5 minutes. Flush to finish, or scrub with a brush while flushing for heavy-duty cleaning. Septic tank safe, when used as per directions.
