

Hand Soft

PREMIUM FLOWING HAND SOAP

Fresh & Clean Hand Soft is a premium grade flowing hand soap providing a luxurious lather that cleans hands well, without drying or stripping hands of their natural oils. It also contains additional skin conditioning agents and anti-bacterial agents.

Hand Soft is suitable for all bulk-fill dispensers and provides an exceptional cost-in-use compared to similar quality products on the NZ market.

Main Features & Benefits:

- Cream in colour - suitable for the latest washroom designs and colour combinations
- Distinctive fragrance leaving hands fresh and clean
- Antibacterial agents to assist responsible hand hygiene
- NZFSA Approved C52

DIRECTIONS:

Apply a small quantity onto hands directly from the dispenser. Rub hands together for a smooth lather and rinse off. Repeat if required. Research shows the best anti-bacterial action results from hands being lathered and rinsed for at least 20 seconds. Wet hands should be properly dried to prevent cross-contamination.
