

Graffiti Gone

GRAFFITI REMOVER

Fresh & Clean Graffiti Gone is a powerful graffiti remover based on a blend of biodegradable solvents. It is effective against a wide range of mediums currently used for graffiti in New Zealand. For best results use **Graffiti Gone** as soon as possible after graffiti appears. This gives **Graffiti Gone** a better chance of 100% removal of the graffiti and discourages offenders from "tagging" the same site again in the future.

Main Features & Benefits:

- No high-evaporative solvents for safer use
- Biodegradable for a healthier environment
- Non-flammable
- Effective on most modern paints and marker pens used for tagging

DIRECTIONS:

Spray **Graffiti Gone** onto graffiti and allow 30 seconds—3 minutes to work, then either wipe off with a damp cloth, or rinse with water. If repeating process, affected area should first be dried. **Graffiti Gone** is neutralized by water.

NOTE: In some cases Graffiti Gone may affect the base coatings. Always test on an inconspicuous area before undertaking the entire job. **Graffiti Gone** may delaminate synthetic surfaces.
